Title: I, Payroll/Personnel Manual

Chapter:

Bulletin: Title I, 07–11, Addition Of Management Accounting Structure Code (MASC) Editing (On The Agency Accounting Code Window) And Message Board (On The Login Window) In The Web-Based System For Time And Attendance Reporting Version 5.0 (STAR 5.0)

Date: July 13, 2007

To: Holders Of The Payroll/Personnel Manual.

This bulletin is being issued to announce two additions to STAR 5.0, effective July 22, 2007. They are the addition of MASC edits (on the Agency Accounting Code window) and a message board (on the Login window).

MASC Edits On The Agency Accounting Code Window. The enhancement will prevent Agency Table Administrators from entering invalid accounting codes when establishing accounting codes for time and attendance use. The error message, *Agency Table Error–Accounting Code Not Found In MASC* will display if an invalid accounting code is established.

Note: The current MASC edits that prevent timekeepers from entering invalid accounting codes will remain the same.

New Message Board On The Login Window. This enhancement will provide users with a message board on the Login window of STAR 5.0. This message board will be used to display application changes and updates.

For questions about policy/regulations, contact your Agriculture Payroll/Personnel User Group (AGPUG) representative or Committee for Agriculture Payroll/Personnel System (CAPPS) representative. Please refer questions about STAR 5.0 to the Payroll/Personnel Call Center at **504–255–5230**.

MARK J. HAZUDA, Director
Government Employees Services Division
